Most likable characters. Meet Francis, whose quirky childhood was marred by a strange religious cult yet enhanced by the rock band KISS; his teen years spent dawdling with daytime television talk show appearances and weekend art classes, followed by a dubious career in a soul-sucking business culture THE THIRD MILLENNIUM values superficial beauty over inner grace and character. This authoritative text offers a thorough and accurate treatment of essential aspects, ranging from the physical principles of operation and system design issues, through to signal processing methods, and their practical application to live data recorded by actual OTH

radar systems.
